Dear Mr. Barker:

I guess you could say I'm an around-the-clock KRLD fan. At 7 a.m. my clock radio awakens me with the CBS news. I drive to work listening to A.M. newsfront with you, Chem, and the others and drive home in the evening listening to Lowell Thomas, P.M. Newsfront, or Wes Wise. In the evenings I usually listen to one of your sports broadcasts (I really enjoyed listening to broadcasts of the new pro basketball team this season). And I always go to bed to the soothing music of American Airlines "Music Till Dawn". The best in news coverage and sensible music and entertainment for mature adults makes me prefer KRLD.

I don't often get an opportunity to listen to your "Comment" afternoon show, but I've heard it often enough to know it's the best of its type in this area. I know you're not afraid to air controversial material.

Would you be interested in having as a guest on "Comment" author Harold Weisberg, who believes as do many citizens that the Warren Commission did not reveal the truth about the Kennedy assassination? As you may know, Weisberg has researched the Commission's files in the National Archives more thoroughly than any other person, and has written four books on the subject and a fifth book not yet published. He has uncovered some truly startling facts in suppressed testimony and evidence, as you may know if you have read any of his books. He also has been serving as an investigator for New Orleans D.A. Jim Garrison.

I have been in correspondence with Weisberg, and have learned that he would like to appeal to the people of this area to come forward with all possible pictures which were made in Dealey Plaza on that November 22, for possible publication as items of historical and possible investigative interest. He would like very much to make an appeal for these photos, as well as for other possible information from previously unheard witnesses, on a radio show such as "Comment".

Since he makes trips to New Orleans in his work with Garrison, he would probably like to make a side trip to Dallas to appear on "Comment" if the opportunity were offered to him. You may contact him thusly: Harold Weisberg, Route 7, Frederick, Md. 21701, Phone 301-473-8186.

Sincerely yours, JACK WHITE
